1. BACKGROUND

The City, owner and operator of CAS, through its’ Director, is inviting Statements from qualified laboratories, with demonstrated experience and thorough knowledge of environmental analytical laboratory services, to serve as laboratory and analytical consultant to the Department in its efforts to comply with:

- regulatory permits and orders;
- on-call sampling;
- environmental compliance strategies;
- environmental modeling efforts; and
- reporting.

The Statement shall consist of a maximum of forty (40) one-sided pages, exclusive of the City’s Office of Equal Opportunity Schedules 1-4, additional submittal requirements and divider tabs. All required information shall be inclusive.

By issuing this Request for Qualifications (“RFQ”), the City makes known its intent to contract and commence this project at the earliest available opportunity. However, the City makes no commitment to proceed with the services based on a specific start date.

2. SCOPE OF SERVICES

2.1 General Scope.

The Department seeks Environmental Analytical Laboratory Services in support of CAS. Specific task assignments are expected to vary depending upon the Department’s needs throughout the duration of the contract period. These services include a mix of anticipated and unanticipated tasks.

The scope of the contract shall encompass the defined scope of work. This RFQ does not attempt to define all of the contract needs nor detail them. Rather, it is flexible and allows for the credentials of the successful Laboratory to be demonstrated in the areas of expertise necessary to the contract. Please refer to Section 2.2 - Scope of Services and Section 7 – Statement Content for more details regarding project services and preferred qualifications and experience.

2.2 Scope of Services.

The Department has established the following scope of services to be provided by the successful Laboratory. The Department reserves the right to revise the scope of services prior to the execution of a contract to: (i) reflect changes arising out of this qualification process; (ii) incorporate any City requirements adopted after the publication of this RFQ; and (iii) incorporate any other changes it deems necessary.

A. Project Description:

For a responsive reply to this RFQ, the prospective, full service, independent, environmental laboratory must be licensed and appropriately certified in the State of Ohio, as of the date of the issuance of this RFQ, to conduct analysis of surface water, soils, solid wastes, hazardous wastes, ground water, waste water, oils and oily waste, and to concurrently meet FAA requirements, if any.

To qualify, laboratory must have accreditation with and/or recognition by one or more of the following national evaluation and accreditation services listed below:

- United States Environmental Protection Agency
- Ohio EPA Voluntary Action Program
- National Environmental Laboratory Accreditation Program

- American Industrial Hygiene Association
- International Organization for Standardization
- Any other governmental or private accrediting authorities that apply accreditation standards consistent with and equivalent to the organizations above.

The successful environmental Laboratory cannot work on any CAS projects that would create a conflict of interest for the laboratory.

The environmental laboratory shall provide analytical services, on an as-needed basis, in support of CAS. Said services will be conducted at the environmental laboratory in support of services conducted by the Department and its Consultants at CAS, and/or at sites of manufacture or fabrication. The analytical services provided by the environmental laboratory in support of these projects will include the following:

- Coordination with Department and its Consultants to provide pre-cleaned containers and preservatives for all samples. Containers may be preserved at the laboratory prior to shipment to Department and its Consultants. All sample containers will be pre-cleaned, assembled and certified by the supplier according to EPA protocols.
- Coordination with Department Consultant(s) to receive all samples under appropriate chain-of-custody protocols.
- Notification, within 1 business day, of any discrepancies or issues noted during the sample receipt/check-in process.
- Analyze all samples within the required holding times.
- Provide Department with all analytical reports, for inclusion into required reports. Analytical reports may also be provided to Department Consultant as requested by Department.
- Provide Department Environmental Services with a copy of the chain-of-custody along with all invoices for laboratory services. The chain-of-custody will be utilized as the work order for laboratory services, and shall be the mechanism by which the invoice is verified.

The selected environmental Laboratory will enter into a contract, with the Department, to provide analytical services for CAS. As part of that contract, the environmental laboratory will be liable for any re-sampling and analysis costs due to errors by the laboratory for analysis.

A list of analyses, generally required by CAS, includes, but is not limited to:

Laboratories must demonstrate established and proven Quality Assurance/Quality Control (“QA/QC”) and Health and Safety (“H&S”) Programs. Programs must comply with all applicable

regulations. Upon request, the Laboratory shall provide, to the Department, its QA/QC and H&S plans, certifications and licenses.

The Laboratory quality control (“QC”) program shall ensure the reliability and validity of the analysis performed at the laboratory. The Laboratory will provide a Standard Operating Procedures (“SOP”) Manual or Quality Assurance Project Plan (“QAPP”) for their work. The SOP Manual or QAPP should outline all of the laboratories QA/QC procedures. All analytical procedures shall be documented, in writing, as SOPs, with each SOP including a QC section that addresses the minimum QC requirements for the procedure. The internal QC checks might differ slightly for each individual procedure, but in general the QC requirements shall include the following:

- Method blanks
- Reagent/preparation blanks (applicable to inorganic analysis)
- Calibration and calibration checks
- Instrument blanks
- Matrix spikes/matrix spike duplicates (MS/MSDs)
- Field duplicates

All data obtained will be properly recorded according to Laboratory SOPs. The data package will include a full deliverable package capable of allowing the recipient to reconstruct QC information and compare it to QC criteria. Any samples analyzed in nonconformance with QC criteria will be reanalyzed by the Laboratory, if sufficient volume is available. It is expected that sufficient volumes/weights of samples will be collected to allow for reanalysis, if necessary.

Laboratory instrument and method detection limits (“MDL”) must be less than required reporting limits and comply with applicable regulations. The Laboratory may be asked to support the Department with Ohio EPA report generation using the Ohio EPA eBusiness Center. Support may include creating formatted spreadsheets, per sample collection area, for upload to the eBusiness Center by the 20th of each month. The Laboratory must be able to provide data within a seven to 10 day turn-around-time frame to meet reporting requirements.

The Laboratory shall provide shipping containers and coolers, sample containers, preservative and shipping. The Laboratory shall coordinate with the Department, and its Consultants, for project requirements and timely delivery of supplies.

The Laboratory shall provide guidance, to the Department and its Consultants, with applicable method numbers, sample container requirements, collection methods, preservatives, handling methods and shipping requirements. The Laboratory shall also secure subcontracted services when a service cannot be fulfilled by the Laboratory. All analytical methods must be in accordance with methodology contained in either USEPA SW846, Third Edition, November 1986 and May 1997 updates (or later approved revisions), and/or in Methods for Chemical Analysis of Water and Wastes," USEPA 600/4079-020, revised March 1984 (or later approved revisions).

The Laboratory shall retain and dispose of all unused sample volumes, test blanks and associated media.

B. Anticipated Work Assignments:

The Department anticipates that the work requirements will include, but not be limited to, the following typical assignments. These examples are provided to demonstrate the range of likely assignments to assist laboratories in the preparation of their qualifications. Detailed and specific descriptions of services to be provided will be developed on an as-needed task-order basis when assigned by the Department. The scope of services, to be provided, by the successful Laboratory, may include, but are not limited to, the following:

1) CLE National Pollutant Discharge Elimination System ("NPDES") Storm Water Samples

- a. The Department collects water samples from eight CLE outfalls with eight to 13 analytes per outfall per week. The Department also collects water samples from four stream monitoring locations with four to six analytes per location. Analyses typically include COD, CBOD₅, Oil & Grease, Nitrogen-Ammonia, Total Dissolved Residue (a.k.a. Total Dissolved Solids), Total Suspended Solids, Propylene Glycol, and, when discharged, Ethylene Glycol. Analytical frequency varies seasonally based on permit requirements. Analytical requirements may change based on NPDES permit updates and/or compliance strategies.
- b. Nuisance biofilm growth specialty contracted or subcontracted laboratory will be requested as part of the scope to assist the Department to meet NPDES Permit and

to submit for approval by Ohio EPA, a long-term plan to eliminate the CLE contribution to nuisance growth in the receiving streams.

- c. The Department requires a laboratory that can accommodate, at a minimum, the quantity of samples summarized in Section 2.2 (A) and (B) of this RFQ while consistently maintaining the highest level of quality and a turn-around-times of seven (7) to ten (10) days except when specific methods require longer. Reporting requirements necessitate consistent service to ensure that all samples are handled appropriately to prevent indefensible or lost data and re-sampling.

2) BKL NPDES Storm Water Samples

- a. BKL has seven outfalls that may require routine analytical assessment under Ohio EPA NPDES General Permit OHR000006.
- b. Analytes from BKL may include Coliform, Glycols, Oil & Grease, Nitrogen-Ammonia, and Surfactants.

3) Various On-Call Services

- a. The Department monitors potential impacts of construction activities by collecting weekly samples for TSS analysis from two stream locations. Periodically the Department will collect samples in support of these programs and may collect samples from other finalized projects to monitor and/or verify compliance.
- b. The Department collects samples for analysis to determine chemical concentrations in various media. Samples are also collected for waste characterization for disposal assessment.
- c. Periodically the Department will collect additional samples from surrounding water bodies for various analytical parameters similar to the CLE NPDES parameters.
- d. Samples may be collected to assess whether petroleum is naturally occurring or processed. Petroleum assessment may be requested of the laboratory.
- e. Depending upon the intent of the sampling, the Laboratory shall provide rapid turn-around-times, as needed, by the Department. Sample quantity and analysis will be assessed at the time of collection and coordinated with the laboratory prior to collection.

C. Deliverable Requirements:

The successful Laboratory will be required to provide Definitive Analytical Data Deliverables within an analytical service turn-around 7 calendar days for complete data packages including electronic data

deliverables (“EDD”). Electronic data packages must be presented at a minimum in an Ohio EPA Credible Data Program Level 2 or USEPA Level 2 acceptable format. Contents of data deliverables must include Cover Letter, Case Narrative, Result Summary Tables, and Blank Results plus Laboratory Control Sample (“LCS”) Results, Duplicate Sample Results, Spike Sample Results. Any raw instrument printouts, raw calibration data, prep logs, and bench sheets do not need presented in data deliverables, but must be available upon request.

The successful Laboratory is responsible for the professional quality, technical accuracy, timely completion and coordination of all reports and/or other services or materials furnished under this contract. Immediately upon its becoming aware of any defect, error, or other deficiency in its equipment, reports and/or other services or materials, the Successful Laboratory shall immediately correct such defects, errors or deficiencies without additional compensation.

3. GENERAL TERMS AND CONDITIONS OF THE CONTRACT

3.1 Terms and Termination.

- A. The Department intends to recommend award of a contract to the laboratory that best satisfies the needs of the Department based on the requirements of this RFQ. The Department reserves the right to award more than one contract, using the criteria defined in this RFQ, if, in the Department’s judgment, there is more than one qualified laboratory to fulfill the commitments.
- B. The term of the contract shall be for a period up to one (1) year with three (3) one-year options, the second of which requires additional legislative authority.
- C. The City may terminate the contract at any time for cause upon failure to perform in a manner satisfactory to the City after the successful Laboratory has received written notice as provided in the contract. Such written notice may specify, among other matters, bankruptcy, unsatisfactory adherence to schedules, unsatisfactory performance of services, unsatisfactory operating practices or unsatisfactory equipment and failure to comply with other provisions of the contract. The City shall, in the sole exercise of its business judgment, determine whether the service or any part thereof, is being performed in an unsatisfactory manner.
- D. If at any time during review or audit of the successful Laboratory and its CSB/MBE/FBE subcontractors the City determines that the successful Laboratory and its CSB/MBE/FBE subcontractors are not functioning in good faith, the successful Laboratory must submit a

corrective action plan within sixty (60) calendar days of the written findings. The City will then review the corrective action plan and, if acceptable, will provide written approval of the plan. If the successful Laboratory does not meet the provisions of the corrective action plan and the City continues to find the successful Laboratory, and its CSB/MBE/FBE subcontractors, not to be functioning in good faith or in non-compliance with the nondiscrimination provisions of this contract, the City shall impose such sanctions as it may determine to be appropriate, including but not limited to (i) cancellation, termination or suspension of the contract; or (ii) suspension from participation in future CAS contracts.

 - Materials should be in a format permitting easy removal and recycling of paper.
 - A Laboratory should, to the extent possible, use products consisting of or containing recycled content in its Statement including, but not limited to, folders, binders, paper clips, diskettes, envelopes, boxes, and the like.
 - Do not submit any or a greater number of samples, attachments or documents than specifically requested.

5.2 City's Rights and Requirements.

- A. Under the laws of the State of Ohio, all parts of a Statement, other than trade secret or proprietary information, may be considered a public record which, if properly requested, the City must make available to the requester for inspection and copying. Therefore, to protect trade secret or proprietary information, the Laboratory should clearly mark each page, but only that page, of its Statement that contains that information. The City will notify the Laboratory if such information in its Statement is requested, but cannot, however, guarantee the confidentiality of any proprietary or otherwise sensitive information in or with the Statement. Blanket marking of the entire Statement as "proprietary" or "trade secret" will not protect an entire Statement and is not acceptable.
- B. The Director, at his sole discretion, may require any Laboratory to augment or supplement its Statement or to meet with the City's designated representatives for interview or presentation to further describe the Laboratory's qualifications and capabilities. The requested information,

interview, meeting or presentation shall be submitted or conducted, as appropriate, at a time and place the Director specifies.

- C. The City reserves the right, at its sole discretion, to reject any Statement that is incomplete or unresponsive to the requests or requirements of this RFQ. The City reserves the right to reject any or all Statements and to waive and accept any informality or discrepancy in the Statement or the process as may be in the City's best interest.
- D. All Statements will remain in effect and be subject to selection by the City until the earlier of the execution of a final contract or one hundred eighty (180) calendar days after the deadline for Statement submission ("Statement Expiration Date"). Until the Statement Expiration Date, Laboratory agrees that its Statement shall remain in effect, as submitted, and subject to selection by the City.

5.3 Supplemental Information.

The City may require Laboratory to further supplement its written Statement to obtain additional information regarding the written Statement or to meet with the City's designated representatives to further describe Laboratory's qualifications and abilities. The decision regarding which Laboratory(s) will be asked to supplement a Statement or meet with City representatives is in the Director's sole discretion. Supplements will be utilized for clarification purposes only and the Laboratory may not substitute material elements of its written Statement, nor may Laboratory provide previously omitted material.

5.4 Area Small Business, Minority, and Female Business Enterprise ("CSB, MBE and FBE") Participation.

Prospective laboratories are advised that in order to enter into a contract with the City, for providing the services outlined in this RFQ, the successful Laboratory must be determined to be in compliance with policies and procedures of the City's Office of Equal Opportunity ("OEO"). Accordingly, prospective laboratories are required to complete the attached Office of Equal Opportunity Schedules 1 through 4 and submit those materials with its Statement. All schedules must be completed, signed and dated; or the submittal may be considered non-responsive. The completed schedules will be submitted to the City's OEO for evaluation. The successful Laboratory will be required to submit to the City's OEO a comprehensive work force evaluation and an affirmative action plan no later than sixty (60) days after entering into a contract with the City.

The City has established a Cleveland Area Small Business ("CSB") subcontracting goal of **ten percent (10%)** for this project. Please complete Schedule 2 – Schedule of Subcontractor Participation and provide a detailed plan with your Statement indicating how CSBs will be utilized during the project.

Any and all proposed subcontractors, whether City certified or not, must be divulged and listed in the sealed Statement. Include all proposed subcontractors on OEO Schedule 2. A Schedule 3 is also required for each proposed subcontractor that is CSB, MBE, FBE, LPE, or SUBE certified. However, a Schedule 3 is not required for proposed subcontractors who are not City-certified as a CSB, MBE, FBE, LPE, or SUBE. If OEO Schedule 2 is not included in the Statement documents, you must submit a proposed subcontractor list on a separate, signed sheet of paper, listing the name, address, type of work or materials, and total subcontractor amount for each and every subcontractor that you propose to use on the contract.

All proposed subcontractors listed in your Statement must receive written Board of Control approval in advance. The subcontractors you propose in your sealed Statements will be considered the subcontractors that you will use in the contract if awarded to you. See **Exhibit "A"** regarding the City's Sub-contractor Addition and Substitution Policy and Procedure. The City reserves the right to approve an award, but not approve a proposed subcontractor.

The City maintains a list of Vendors Ineligible to Contract or Subcontract with the City at the City of Cleveland website: <http://www.city.cleveland.oh.us>. It is each Consultant's responsibility to propose only eligible contractors. The City cannot approve a subcontractor whose name appears in this listing.

In addition, the City is firmly committed to assisting Minority Business Enterprises ("MBEs") and Female Business Enterprises ("FBEs") through its contracting activities, and the City intends to contract with laboratories that share that commitment. Laboratories shall make every effort to use MBEs and FBEs as subcontractors where available and practical.

Please be aware that the participation of CSB/MBE/FBE laboratories listed in your Statement will be monitored by the City's OEO throughout the duration of the contract. The successful Laboratory will be responsible for providing the City's OEO with any and all information necessary to facilitate this monitoring, including subcontractor agreements, invoices and cancelled checks. Successful Laboratories performing on CLE projects have a dual reporting requirement. Successful Laboratories will be required to provide subcontractor agreements to the Emerging Business Enterprise Development Office. **Additionally, successful Laboratories and subcontractors (Non-CSB/MBE/FBE and CSB/MBE/FBE) will be required to enter all payments, invoices and certified payroll (where applicable) associated with the contract into the PRISM monitoring system and the B2Gnow software system (canceled checks and invoices must be scanned and attached to the file).** If the successful Laboratory fails to fulfill the CSB participation percentages set forth in this RFQ, the Successful Laboratory may be subject to any and all penalties listed in Section 187.20 of the Cleveland Codified Ordinances.

Note: The submission of the referenced forms is not required with the response to this RFQ. These forms will only be submitted by the laboratory selected to enter into contract negotiations, after the qualification evaluation process. The forms will be completed at the completion of the fee negotiation. However, the CSB/MBE/FBE laboratories and the anticipated percentages must be identified in the submittal.

It is the City's objective that the CSB/MBE/FBE performs a commercially useful function. A CSB/MBE/FBE is considered to perform a commercially useful function when it is independently responsible for the execution of a distinct element of the work of a contract and carries out its responsibilities by actually performing, managing and supervising the work involved. In light of industry practices and other relevant considerations, the CSB/MBE/FBE must have a necessary and useful role in the transaction of a kind for which there is a market outside the context of the CSB/MBE/FBE program.

If you have any questions in regard to either the City's OEO requirements and/or its other contracting goals, please contact the Office of Equal Opportunity at (216) 664-4152.

The successful Laboratory is a "contractor" within the meaning of Chapter 187 of the Codified Ordinances of Cleveland, Ohio, 1976. During the term of the contract, the successful Laboratory shall comply with all terms, conditions and requirements imposed on a "contractor" in the Equal Opportunities Clause, Section 187.22 of the Codified Ordinances.

5.5 Outreach Events.

All laboratories must affirm their commitment to supporting and/or participating in Department-sponsored outreach events aimed at attracting and educating small, minority, and female-owned companies on business opportunities with the Department. This may include a nominal fee up to Three Hundred Dollars (\$300.00) at the Director's discretion.

5.6 Equal Opportunity Clause.

The successful Laboratory, as contractor, will be required to comply with all terms, conditions and requirements imposed on a "contractor" in the following Equal Opportunity Clause, Section 187.22(b) of the Cleveland Codified Ordinances, and shall make the clause part of every subcontract or agreement entered into for services or goods and binding on all persons and laboratories with which the Successful Laboratory may deal, as follows:

No laboratory shall discriminate against any employee or applicant for employment because of race, religion, color, sex, sexual orientation, national origin, age, disability, ethnic group or Vietnam-era or disabled veteran status.

Laboratories shall take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to race, religion, color, sex, sexual orientation, national origin, age, disability, ethnic group or Vietnam-era or disabled veteran status. As used in this chapter, "treated" means and includes without limitation the following: recruited whether by advertising or other means; compensated, whether in the form of rates of pay or other forms of compensation; selected for training, including apprenticeship, promoted, upgraded, demoted, transferred, laid off and terminated. Laboratories shall post in conspicuous places available to employees and applicants for employment, notices to be provided by the hiring representative of contractors setting forth the provisions of this non-discrimination clause.

Within sixty (60) calendar days after entering into a contract, the successful Laboratory, as contractor, shall file a written affirmative action program with the Office of Equal Opportunity containing standards and procedures and representations assuring that the contractor affords all qualified employees and applicants for employment equal opportunities in the Laboratory's recruitment, selection and advancement process.

5.7 Short-listing.

The City reserves the right to select a limited number (a "short-list") of Laboratories to make an oral presentation of their qualifications, proposed services and capabilities. The City will notify the Laboratories selected for oral presentations in writing.

5.8 Execution of Contract.

The successful Laboratory shall, within ten (10) business days after receipt of a contract prepared by the City Director of Law, exclusive of Saturdays, Sundays and holidays, execute and return the contract to the City together with evidence of proper insurance and intent to conform to all requirements of the contract and all applicable federal, state and local laws and ordinances prior to or at the time of execution of the contract.

5.9 Familiarity with Request for Qualifications; Responsibility for Statement.

By submission of a statement, the Laboratory acknowledges that it is aware of and understands all requirements, provisions and conditions in the RFQ and that its failure to become familiar with all the requirements, provisions, conditions and information either in this RFQ or disseminated either at a pre-qualification conference or by addendum issued prior to the Statement submission deadline, and all circumstances and conditions affecting performance of the services to be rendered by the successful Laboratory will not relieve it from responsibility for all parts of its Statement and, if selected for a contract, its complete performance of the contract in compliance with its terms. Laboratory acknowledges that the City

has no responsibility for any conclusions or interpretations made by Laboratory on the basis of information made available by the City and the City does not guarantee the accuracy of any information provided and Laboratory expressly waives any right to a claim against the City arising from or based upon any incorrect, inaccurate or incomplete information or information not otherwise conforming to represented or actual conditions.

5.10 Anticipated Statement Processing.

The City anticipates it will, but neither promises nor is obligated to, process Statements received in accordance with the following schedule:

Release of Request for Qualifications	June 29, 2018
Pre-qualification Conference	July 11, 2018
Deadline for Inquiries	July 18, 2018
Written Response to Inquiries	July 25, 2018

5.11 Interpretation of Statement Document.

- A. If any prospective Laboratory finds discrepancies or omissions in this RFQ or if there is doubt as to the intended meaning of any part of this RFQ, a written request for clarification or interpretation must be received by the Procurement Section of the Department of Port Control, Cleveland Airport System, 5300 Riverside Drive, P. O. Box 81009, Cleveland, Ohio 44181-0009 **no later than July 18, 2018**. Requests for clarification or interpretation may be submitted via e-mail to smuia@clevelandairport.com.
- B. **The City is not responsible for any explanation, clarification, interpretation, representation or approval made concerning this RFQ or a Statement given in any manner except by written addendum.** The City will post online a copy of each addendum issued for this RFQ. Any addenda so issued are a part of and incorporated into this RFQ as if originally written herein.

6. QUALIFICATIONS FOR STATEMENTS

6.1 Minimum Qualifications.

Each Laboratory, regardless of the form of its business entity, must meet the following requirements. Failure to meet all requirements may be cause for

rejection of a Statement. If Laboratory is a partnership or a joint venture, at least one general partner or constituent member must meet the requirements. Each Consultant must:

1. Provide evidence that it has a minimum of five (5) continuous years of experience, in the last five (5) years, in performing environmental analytical services as described in this RFQ.
2. Have demonstrated experience providing analytical services in compliance with all applicable federal, state and local laws. Demonstrated experience shall include service reliability, including the number of samples the laboratory processes daily and monthly, the number of laboratory errors resulting in missed sample analysis such as missed hold times, cross contamination, etc.
3. Have previous experience in providing environmental analytical consulting for airports; or employ a designated staff member with airport experience.
4. Have demonstrated experience in establishing and maintaining constructive relations with project stakeholders and the community.
5. Laboratory, and designated staff, must possess all applicable licenses, certificates, permits or other authorizations required by all governmental authorities, including the City, having jurisdiction over the operations of the successful Laboratory at the Airport or elsewhere.
6. Laboratory must be authorized to conduct business in the State of Ohio, County of Cuyahoga and the City of Cleveland.

7. STATEMENT CONTENT

The Statement submittal shall consist of the following documents in the sequence listed below. To facilitate quick reference, each section of the Statement should be offset with a tab. The Statement may be disqualified if the documents are not submitted in the sequence listed below.

- A. Cover Letter: The cover letter should identify the laboratory and state other general information that the laboratory desires to include regarding the laboratory's business organization. At a minimum the cover letter must include the name, form of business entity (e.g. corporation, partnership, joint venture, etc.), principal address, federal tax identification number, telephone number and facsimile number of the laboratory.
- B. Executive Summary: The executive summary should provide a clear and concise summary of laboratory's background, level of expertise, direct

relevant experience and ability. The executive summary should make the laboratory's case as the best candidate for providing analytical services to CAS. Laboratories should structure this section in a manner that allows it to serve as a stand-alone summary when separated from the other sections of the Statement.

- C. Qualifications/Experience: This section gives laboratories the opportunity to discuss their industry experience and what defines them as a leader in their industry. Laboratories may submit as much information in this section as is needed to differentiate its company and Statement from the other laboratories. Please include, as a minimum, the following information: (i) clearly communicate how you meet or exceed the minimum qualifications; (ii) describe the nature of your business experience in providing analytical and consulting services to medium or large airports and state the number of persons you currently employ in providing such services; (iii) give the name, location and date of all contracts that have been terminated or canceled within the past three (3) years, prior to the expiration of their contractual term, and also list any judgments terminating or any pending lawsuits or unresolved disputes for the termination of such services provided by you within the past three (3) years; if none, state such; and (iv) give the names and addresses of at least three (3) references as to your professional capability. The references should include the name of the contact person, e-mail address and telephone number.
- D. Project Approach: Provide a statement discussing your understanding of the consulting opportunity at CAS, including those factors that are critical to making the opportunity a success. Laboratories must provide a detailed discussion of how the laboratory will approach this opportunity to ensure that the Department's goals and objectives will be realized. The Statement should also identify and discuss key issues impacting the services, as defined in this RFQ and CAS, as well as discuss methods/models that would address key issues. Laboratories should include information about its sample throughput including number of samples it can process, sample turnaround times, data quality control and assurance, reporting techniques and related information.
- E. Key Staff: Laboratories should indicate the key staff proposed for this contract, setting forth the specific responsibilities and availability of each proposed key staff person. Provide for each proposed key staff person a one page resume detailing both general experience and specific experience related to the services as defined in this RFQ. Key staff presented in the Statements must have adequate availability to support CAS. Key staff is defined as productive staff having major project responsibilities.
1. Personnel proposed should have the desired qualifications and experience in his/her area of expertise. It is preferred key staff experience cited be within the past ten (10) years.

2. Individuals proposed and accepted by the Department as personnel for this contract are expected to remain dedicated to the contract.
 3. In the event a key staff person becomes unavailable for continuation of the work assignment, the successful Laboratory shall replace said individual(s) with personnel of equal ability and qualifications. However, any changes to designated key staff personnel will require the prior written approval of the Department. If acceptable, changes shall be effected without additional cost to the Department and without formal modification of the contract.
 4. The successful Laboratory shall provide personnel at skill levels required for each type of services to be performed under the contract. Any employee whose service is deemed unsatisfactory for any reason by the Department shall be removed from the project. Upon written notification from the Department, the successful Laboratory shall promptly offer a replacement with equal ability and qualifications for the Department's approval. The successful Laboratory shall be responsible for any costs arising from the action of the Department relative to this requested action.
 5. It is not anticipated that laboratory personnel will require access to an onsite Security Identification Display Area ("SIDA") or Air Operations Area ("AOA") during execution of this RFQ however; any member of the successful Laboratory's team requiring access to an onsite SIDA or AOA as part of his/her assigned duties shall be subject to background checks, fingerprinting and other requirements as may be determined by the Department or the Federal Transportation Security Agency. Adherence to all federal, state, county and city laws and regulations and Airport regulations and policy regarding access to certain Airport areas is a requirement of this contract. Failure to comply with appropriate security requirements may be grounds for loss of security access and/or contract termination.
- F. Management Approach Provide an organization chart of the laboratory showing all major component units; where the management of this contract will fall within the organization and what corporate resources will be available to support this contract in both primary and secondary or back-up roles. A discussion of cost control related to the location of work and performing project management responsibilities, including participating in meetings and completing work at CAS for this contract should also be included. Management approaches should include project management methods such as cost tracking, estimated contract completion, and reporting this information to the Department Project Manager; cost saving approaches such as volume discounts and sample shipment methods; sample management methods to ensure chain-of-custody and proper

analysis inside hold times; and recourse for the Airport for laboratory errors such as missed hold times, slow turnaround times, and erroneous data and project management reporting.

- G. Work Product Samples: Laboratories are to submit a case history which demonstrates ability to support analytical and laboratory consulting needs (described earlier) of the Department. Be specific as to how and why the laboratory decided to approach the project a certain way. Case history must have been developed within the last three (3) years and should address the following elements: (i) research; (ii) concept; and (iii) strategy. Please also provide examples and discuss in narrative the laboratory's capacity to produce quality materials in written, graphic and pictorial form.
- H. CSB/MBE/FBE Participation: Laboratories shall submit the names of persons, subcontractors, joint ventures or others to be used in meeting CSB/MBE/FBE goals or requirements. A list with the laboratory(s) location shall be included in the submittal along with an estimate of anticipated percentage of work to be subcontracted to CAB/MBE/FBE and Non CSB/MBE/FBE proposed subconsultants.
- I. Affidavit: Laboratories shall submit with its Statement an affidavit stating that neither it nor its agents, nor any other party for it has paid or agreed to pay, directly or indirectly, any person, laboratory or corporation any money or valuable consideration for assistance in procuring or attempting to procure this contract, and further agreeing that no such money or reward will be hereafter paid.
- J. Joint Ventures or Partnerships: If the Statement submitted is on behalf of a joint venture or partnership, an executed copy of the joint venture or partnership agreement must be submitted with the Statement and will become an attachment to the City's contract. The award of a contract to the joint venture or partnership may be indicated as a condition precedent for the commencement of either such agreement.
- K. Additional Submittal Requirements: Laboratories shall complete, execute and return with its Statement the following documents, copies of which are attached to this RFQ: (i) Northern Ireland Fair Employment Practices Disclosure; (ii) Request for Taxpayer Identification Number and Certification; (iii) Affidavit and (iv) Non-Competitive Bid Contract Statement for Calendar Year 2018.
- L. Environmental Sustainability: Describe how the proposed services/project/solution incorporate environmental sustainability.

M. Supplemental Information:

1. The City may require a laboratory to further supplement its written Statement to obtain additional information regarding its qualifications or to meet with the City's designated representatives to further describe the laboratory's qualifications and abilities.
2. The decision regarding which laboratory(s) will be asked to supplement their Statement or meet with City representatives is in the Director's sole discretion.
3. Supplements will be utilized for clarification purposes only and the laboratory may not substitute material elements of its written Statement nor may the laboratory provide previously omitted material. The requested information or meeting shall be respectively furnished or take place at the time and place specified by the City.

8. INQUIRIES

Interested parties may submit questions pertaining to the RFQ. Questions must be submitted, in writing, to the Procurement Section of the Department of Port Control, 5300 Riverside Drive, P. O. Box 81009, Cleveland, Ohio 44181-0009 no later than July 18, 2018. Questions may be submitted via e-mail to smuia@clevelandairport.com. The Department will post online, via Addendum, responses to questions received prior to the question deadline date. Verbal responses given by representatives of the City at any time may not be relied upon by the Laboratory in submitting its Statement or in the performance of its obligations under the RFQ.

9. DISQUALIFICATION OF CONSULTANT/STATEMENT

The City does not intend, by this RFQ, to prohibit or discourage submission of a Statement that is based upon Laboratory's trade experience relative to the scope of work, services or product(s) described in this RFQ or to proscribe the manner in which its services are to be performed or rendered. The City will not be obligated to accept, however, significant deviations from the work or services sought by this RFQ, including terms inconsistent with or substantially varying from the services or the financial and operational requirements of the RFQ, as determined solely by the City. The City reserves the right to reject any and all Statements or to waive and accept any deviation from this RFQ or in any step of the Statement submission or evaluation process so as to approve the award of the contract considered to be in the City's best interest, as determined in the City's sole discretion.

Although the City prefers that each laboratory submit only one Statement including all alternatives to the Statement that the laboratory desires the City to consider, it will accept Statements from different business entities or combinations having one or more members in interest in common with another laboratory. The

City may reject one or more Statements if it has reason to believe that laboratories have colluded to conceal the interest of one or more parties in a Statement, and will not consider a future Statement from a participant in the collusion. In addition, the City will not accept a Statement from or approve a contract to any laboratory that is in default as surety or otherwise upon an obligation to the City or has failed to perform faithfully any previous contract with the City, or is currently in default under any contract with the City.

The City reserves the right to reject any or all Statements. Failure by a laboratory to respond thoroughly and completely, to all information and document requests, in this RFQ, may result in rejection of its Statement. Further, the City reserves the right to independently investigate the financial status, qualifications, experience and performance history of a laboratory.

The City reserves the right to cancel the approval or authorization of a contract award, with or without cause, at any time before its execution of a contract and to later enter into a contract that deviates from the provisions contained in this RFQ, if agreed to by another laboratory.

10. EVALUATION OF STATEMENTS

The City department/division issuing this RFQ will evaluate each Statement submitted. The Department will present its recommendations to the City's Board of Control ("Board"). The Board may, but shall not be obligated to, entertain formal presentations. The City will only consider Statements that are received on or before the submission deadline, and which meet all the requirements of this RFQ. The City reserves the right to request a "best and final offer" from Consultants meeting the minimum requirements.

The Department shall apply an Evaluation Credit of two percent (2%) of the total points awarded for a Statement received from a Local Producer and two percent (2%) of the total points awarded for a Statement received from a Local Sustainable Business provided that the maximum total Evaluation Credit applied shall not exceed four percent (4%). The Evaluation Credit to be added is solely for the purpose of Statement comparison when evaluating competing Statements. The use of Evaluation Credits does not alter the Statement submitted by a Consultant or the contract executed based on the Statement. As used herein "Local Producer" and "Local Sustainable Business" are defined in City of Cleveland Ordinance No. 1660-A-09 (Refer to Exhibit "B" attached hereto).

The numerical rating following each factor set forth below indicates the importance of the requested information in the selection process. The resulting selection rating will not reflect on the professional abilities of the Laboratory.

Instead, the rating reflects the Department's best attempt to quantify each Laboratory's ability to provide the services set forth in the contract and to meet the specific conditions and criteria included in this RFQ.

1. Qualifications/Experience. (Rating up to 25 points)
2. Project Approach. (Rating up to 25 points)
3. Key Staff. (Rating up to 25 points)
4. Management Approach. (Rating up to 15 points)
5. Work Product Sample. (Rating up to 10 points)
6. CSB/MBE/FBE Participation: Laboratories shall submit the names of persons, subcontractors, joint ventures or others to be used in meeting CSB/MBE/FBE goals. (Pass/Fail)

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

IF the entity/person on line 1 is a(n) . . .	THEN check the box for . . .

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Visit www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

Subcontractor Addition and Substitution

Policy and Procedure

Mayor Frank G. Jackson

EFFECTIVE DATE: November 1, 2011

Direct Questions to: Commissioner James E. Hardy (216) 664-2629

Sub-contractor Addition and Substitution Policy and Procedure

Purpose

The purpose of this Policy is to state the policies and practices which all City departments should follow to obtain the previous written Board of Control consent required for a City contractor to add a subcontractor, or to substitute one subcontractor for another subcontractor, under a City contract.

Policy and Procedure

Each subcontractor proposed for a City contract, whether for a purchase, public improvement, or professional services, must be approved by the Board of Control (the "BOC") *prior* to the commencement of work and or services by the subcontractor. Subcontractor approval will be considered by the BOC upon recommendation of the department Director. A subcontractor identified as a certified Cleveland-Area Small Business ("CSB"), a Minority Business Enterprise ("MBE"), or a Female Business Enterprise ("FBE") (each generically also a "certified sub-contractor") proposed for a contract, whether as an additional or substitute subcontractor, must also be verified as such by the Office of Equal Opportunity ("OEO").

Note: The City assumes no obligation to pay, and will not pay, a contractor for any work and or services performed by a sub-contractor on the contract prior to Board of Control approval of that sub-contractor.

Except upon occurrence of an emergency requiring immediate use of a subcontractor to prevent an interruption of public service or endangerment of public health, safety or welfare as declared and determined solely by the Director, the prime contractor is responsible for submitting all required supporting documentation to the contracting department Director, through the designated Project Manager for the contract (the "Project Manager"), if any, no less than 3 (three) weeks in advance of the date the additional or substitute subcontractor is needed on the project, to allow time for internal and BOC approvals without delay or interruption of the project.

Note: The Director will not grant any City contractor additional time to meet project deadlines, and will not authorize or pay additional compensation or delay damages of any kind arising from the contractor's inability to add or substitute a subcontractor because the contractor failed to submit the approval request and supporting documentation at least 3 (three) weeks in advance of the date the additional or substitute sub-contractor is needed.

The contracting department Project Manager, if any, for a particular contract will serve, on behalf of the department Director, as the primary contact for the prime contractor. The contracting department Director is responsible for assessing the completeness and sufficiency of the supporting documentation received from the prime contractor and subcontractor, for timely processing of the documentation through the appropriate internal department review(s) and approval(s) and forwarding to the OEO, if required, for evaluation and approval prior to any placement on the Board of Control agenda and for submitting the appropriate Board of Control resolution for approval.

Substitution for a Certified Subcontractor. A contractor must provide the contracting department director, through the Project Manager, written justification for any proposed substitution for a certified sub-contractor.

When obtaining one or more substitutes for a certified subcontractor, a contractor shall make a good-faith effort to fulfill or exceed its original certified subcontractor utilization commitment or the contract goal(s) for the contract, whichever is greater. (Section 187.13 C.O.) The contractor shall document its good-faith effort by submitting complete, revised OEO Schedules 2 and 3 to the contracting department Director, through the Project Manager, with its request to the City for approval.

Note: The OEO shall evaluate each subcontractor addition and substitution for increased CSB, MBE, or FBE participation even if the original contract had no certified sub-contractor participation.

Federally Funded Projects. For projects funded directly or indirectly by the federal government where the contracting department is responsible for monitoring Disadvantaged Business Enterprise ("DBE") participation, the department's monitoring unit shall perform the role otherwise performed by OEO. The supporting documentation for the evaluation and approval of an additional or substitute DBE subcontractor must be forwarded to OEO for information purposes. The department Director shall also submit any necessary supporting documentation with its request for Board of Control approval.

Monitoring and Enforcement. The Project Manager shall, under direction of the department Director, verify that the contractor's subcontractor utilization complies with the Board of Control's subcontractor approval(s) by reviewing the contractor's documentation and by worksite visits. The presence on the Project worksite of any subcontractor not previously approved by the Board of Control shall be immediately reported to the department Director for action.

The Project Manager shall maintain copies of all verification records in the contracting department.

Penalties for Non-Compliance. The Project Manager will document and report any findings of non-compliance with this Policy by a contractor to the contracting

department Director. The department Director will then submit a copy of the findings, and a recommendation for action or no action, to the Director of Law. If non-compliance with Chapter 187 C.O. is found regarding a certified sub-contractor, the department Director must also submit a copy of the findings to the Director of the OEO for determination of sanction(s) or penalty (ies) under that chapter and/or under the contract terms.

AN ORDINANCE

To supplement the Codified Ordinances of Cleveland, Ohio, 1976, by enacting new Sections 187A.01 to 187A.06 and 187A.99, relating to the Local Producer, Local-Food Purchaser, and Sustainable Business Preference Code.

WHEREAS, large purchasers of goods and materials such as the City of Cleveland can strengthen the regional economy by procuring a greater percentage of their purchases from local businesses; and

WHEREAS, purchasing local products will reduce the City of Cleveland's carbon footprint by reducing the distance that goods travel from factories and farms to the city, thereby decreasing the amount of harmful emissions; and

WHEREAS, the Greater Cleveland region has a vibrant manufacturing, industrial, and food production history and we are continuing to strengthen our local economy by supporting local producers; and

WHEREAS, purchasing local goods and materials will increase the City of Cleveland's self-reliance and resiliency, as well as acting as a model for local purchasing policies that support both local and regional business development and economic growth; and

WHEREAS, encouraging local businesses to follow sustainable practices will expedite their participation in high-growth sectors of the economy such as renewable energy, recycling, green building, zero waste and other sustainable businesses, which in turn will encourage more graduates to remain in the Greater Cleveland region and attract new talent to the region; now, therefore

3. Required OEO Schedules:

The following documents must be completed, signed and submitted as part of the Contractor's bid or proposal for any City of Cleveland contract over \$50,000.00. Failure to submit all OEO Schedules may result in the rejection of a bid.

Schedule 1: PROJECT CONTACT INFORMATION FORM

Schedule 1, the PROJECT CONTACT INFORMATION FORM, provides the Office of Equal Opportunity with the necessary contact information to conduct its monitoring responsibilities. Each Bidder or Proposer shall complete, sign and submit Schedule 1 and include it with its bid or proposal.

Schedule 2: SCHEDULE OF SUBCONTRACTOR PARTICIPATION

Schedule 2, the SCHEDULE OF SUBCONTRACTOR PARTICIPATION, identifies all of the subcontractors the Bidder or Proposer intends to use on the project. Each Bidder or Proposer must complete, sign and submit Schedule 2 and include it with its bid or proposal. Bidders or Proposers shall list all prospective subcontractors, including all CSB, MBE, and/or FBE subcontractors, that will participate on the contract, and all requested contact information. Bidders or Proposers shall include the contract specification item number(s) on which the subcontractor will participate in Part 1, the scope, or supplies/materials that the subcontractor will be responsible for will be documented on Part 2, with the corresponding dollar amount for the subcontract on Part 3. The total dollar amount in Part 3 must be an actual dollar amount, and should not be a range of values or a percentage of the contract.

Schedule 3: STATEMENT OF INTENT TO PERFORM AS A SUBCONTRACTOR

Schedule 3, the STATEMENT OF INTENT TO PERFORM AS A SUBCONTRACTOR, verifies that the

certified CSB, MBE and/or FBE subcontractors listed on Schedule 2 have agreed to work with the Bidder or Proposer on the project, and that the two parties have agreed on general contract terms. Each certified CSB, MBE, and/or FBE listed as a prospective subcontractor on Schedule 2 shall complete, sign and return Schedule 3 to the Bidder or Proposer, and the Bidder or Proposer shall include the completed Schedule 3 with the bid or proposal. Part 1, Part 2 and Part 3 on each Schedule 3 must correspond with Part 1, Part 2 and Part 3, respectively, on Schedule 2 for the appropriate subcontractor.

No CSB, MBE, or FBE participation credit will be considered for a certified CSB, MBE and/or FBE subcontractor listed on Schedule 2 that does not have a corresponding, accurate Schedule 3 included in the bid or proposal.

If an MBE or FBE plans to re-subcontract any of its work, it must indicate that on Schedule 3. Any work re-subcontracted to a non-certified subcontractor will reduce the Bidder or Proposer's participation credit to the extent of the re-subcontracting.

Schedule 4: CSB/MBE/FBE UNAVAILABILITY/IMPRACTICALITY CERTIFICATION

Schedule 4, CSB/MBE/FBE UNAVAILABILITY/IMPRACTICALITY CERTIFICATION, allows the Bidder or Proposer to document its good faith effort to achieve the CSB, MBE, and/or FBE subcontracting goals identified for the project in the bid documents. If a Bidder or Proposer has met or exceeded the subcontracting goals for the project, the Bidder or Proposer shall indicate this in Section A of Schedule 4. If the Bidder or Proposer has not met the subcontracting goals for the project, the Bidder or Proposer will indicate this in Section A of Schedule 4, and complete Section B.

Section B of Schedule 4 allows the Bidder or Proposer to document its efforts to solicit certified subcontractor participation for the project, thereby meeting the good faith effort requirement of the bid. Section B also allows the Bidder or Proposer to attach a written document explaining why subcontracting to the goals included in the bid or proposal documents is impossible or impractical due to the nature of the work, service or product being contracted by the bid or proposal. Contractors are obligated to demonstrate their good faith effort to meet the subcontracting goals for the contract, and failure to do so will result in the rejection of the bid or proposal.

Failure to submit and accurately complete OEO Schedules 1, 2, 3, and 4 may result in the rejection of all or part of the bid or proposal. Submission of incomplete, inaccurate, or inconsistent data in the Schedules may lead to a formal investigation, decertification of the Bidder or Proposer, decertification of the subcontractor, and/or a rejection of all or part of the bid. The City of Cleveland reserves the right to waive any informality or immaterial irregularity, and reserves the right to reject any or all bids.

4. Equal Employment Certification:

No Contractor shall discriminate against any employee or applicant for employment because of race, religion, color, sex, sexual orientation, national origin, age, disability, ethnic group or Vietnam-era or disabled veteran status. Contractors shall take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to race, religion, color, sex, sexual orientation, national origin, age, disability, ethnic group or Vietnam-era or disabled veteran status. As used in this chapter, "treated" means and includes without limitation the following: recruited whether by advertising or other means; compensated, whether in the form of rates of pay or other forms of compensation; selected for training, including apprenticeship, promoted, upgraded, demoted, transferred, laid off and terminated. Contractors shall post in conspicuous places available to employees and applicants for employment, notices to be provided by the hiring representative of contractors setting forth the provisions of this nondiscrimination clause.

Within 60 days after entering into a Contract, each Contractor shall file a written affirmative action program containing standards and procedures ensuring that the contractor affords all qualified employees and applicants for employment equal opportunities in the contractor's recruitment, selection, and advancement processes.

Each contractor's affirmative action program shall contain the following components:

- (1) A diagnostic component that includes quantitative analyses comparing the composition of the Contractor's workforce to the composition of the Cleveland Contracting Market employment pool according to the most current census data available, grouped by EEO occupations.
- (2) Each affirmative action program shall contain placement goals as follows:
 - (i) For each non-construction contract, placement goals equal to the availability percentage for women or minorities where the percentage of women or minorities employed by the contractor in a particular job group is less than would reasonably be expected given their percentage availabilities in the corresponding Cleveland Contracting Market employment pool. Placement goals are objective targets reasonably attainable by applying a good-faith effort to implement all aspects of the affirmative action program; they are not inflexible quotas. Placement goals do not authorize or require a Contractor to grant a preference to any individual or adversely affect an individual's employment status for an unlawful discriminatory reason.
 - (ii) For each construction contract, establish placement goals for minorities and women for each trade involved in the performance of the contract equal to the goals established by the Director. Placement goals are objective targets reasonably attainable by applying a good-faith effort to implement all aspects of the affirmative action program; they are not inflexible quotas. Placement goals do not authorize or require a contractor to grant a preference to any individual or adversely affect an individual's employment status for an unlawful discriminatory reason.
- (3) Identification of problem areas through analysis of the contractor's employment process to determine if it affords or incorporates, or contains impediments to, equal employment opportunities.
- (4) Action-oriented programs consisting of practical steps the contractor will implement to address any identified problem areas or the underutilization of women or minorities in relation to their availability in the relevant labor pool.
- (5) Internal auditing and reporting systems that monitor and examine the impact the contractor's employment decisions and compensation systems have on women and minorities and their progress toward achieving a workforce that would be expected in the absence of discrimination.
- (6) Policies, practices, and procedures that the contractor will implement to ensure that all qualified applicants and employees enjoy equal opportunity in recruitment, selection, advancement, and every other term and privilege associated with employment.
- (7) Any additional requirements the Administrator may require through the Regulations or on a case-by-case review of a contractor's proposed affirmative action program.

If, 60 days after entering into a Contract, a contractor has not filed an affirmative action program, has deviated substantially from an approved affirmative action program, or has discriminated against any employee or applicant for employment because of race, religion, color, sex, sexual orientation, national origin, age, disability, ethnic group or Vietnam-era or disabled veteran status, the Office of Equal Opportunity may take immediate enforcement action.

5. CSB Certification:

Each Bidder, Proposer or subcontractor representing itself as a Cleveland Area Small Business (CSB) in the OEO Schedules shall be certified with the Office of Equal Opportunity as a CSB prior to the bid opening. Certification applications must be completed online through the City's Certification and Compliance Monitoring System at <https://cleveland.diversitycompliance.com/>.

There are two classifications of CSBs:

A **City of Cleveland Small Business (CCSB)** is a CSB headquartered within the City of Cleveland.

A **Regional Cleveland Small Business (RCSB)** is a CSB headquartered within Cuyahoga County, but not within the City itself.

A business is eligible for certification as a Cleveland Area Small Business (CSB) if it meets the following criteria:

- (1) It is a Small Business Enterprise;
- (2) It has its principal office located physically in Cuyahoga County; and
- (3) Its chief executive officer and highest level managers maintain their offices and perform their managerial functions in the Cleveland Contracting Market.

A business qualifies as a Small Business Enterprise if it meets size requirements of the US Small Business Administration, or separate economic criteria as established by the Director of the Office of Equal Opportunity in the Regulations. You can find the current SBA size standards here: <http://www.sba.gov/content/small-business-size-standards>

6. CSB Contract Participation

In an effort to promote the participation of Cleveland-area Small Businesses (CSBs) in City contracts, each Contracting Department of the City will use its best efforts to contract with CSB Bidders and Proposers, and Bidders and Proposers that have committed to subcontracting with certified CSBs.

Where other, project-specific goals have not been set in the bid or proposal documents, the standard CSB subcontractor participation goals are:

Construction Contracts:	30% CSB Subcontractor Participation
Professional Services Contracts:	10% CSB Subcontractor Participation
All Other Contracts:	20% CSB Subcontractor Participation

The Contracting Departments may, in consultation with the Director, increase or decrease these participation goals for a particular contract. When the goals are changed, the change will be noted in the bid or proposal documents.

Each Bidder or Proposer shall make a good faith effort to subcontract with certified CSBs in consistent with the goals prescribed in the bid or proposal documents.

7. MBE/FBE Certification:

Each Bidder, Proposer or subcontractor representing itself as a Minority Business Enterprise (MBE) or Female Business Enterprise (FBE) in the OEO Schedules shall be certified with the Office of Equal Opportunity as an MBE and/or FBE prior to the bid opening. Certification applications must be completed online through the City's Certification and Compliance Monitoring System at <https://cleveland.diversitycompliance.com/>.

A business is eligible for certification as a Minority Business Enterprise (MBE) if:

- (1) The Business Enterprise is owned, operated and controlled by one or more Minority Persons who have at least 51% ownership;
- (2) The Minority Persons who own the Business Enterprise have operational and managerial control, interest in capital, and earnings commensurate with the percentage of ownership; and
- (3) The Business Enterprise is located and doing business in the Cleveland Contracting Market.

A business is eligible for certification as a Female Business Enterprise (FBE) if:

- (1) The Business Enterprise is owned, operated and controlled by one or more Females who have at least 51% ownership;
- (2) The Female owners have operational and managerial control, interest in capital, and earnings commensurate with the percentage of ownership; and
- (3) The Business Enterprise is located and doing business in the Cleveland Contracting Market.

8. MBE and FBE Contract Participation

The City of Cleveland is firmly committed to assisting Minority Business Enterprises (MBEs) and Female Business Enterprises (FBEs) through its contracting activities, and the City intends to Contract with firms that shares that commitment. Under this policy, each Contracting Department will use its best efforts to promote the participation of MBEs and FBEs as both prime contractors and subcontractors in all City Contracts. In turn, Bidders and Proposers shall make every effort to use MBEs and FBEs as subcontractors where available and practical.

Some City contracts will have specific MBE and/or FBE subcontractor participation goals. **These goals will be expressly stated in the Invitation to Bid (ITB) or Request for Proposal (RFP) in each contract where the goals are applicable.** When specific MBE and/or FBE goals are set forth in the ITB or RFP, the Bidder or Proposer shall make a good faith effort to meet them.

When there are specific MBE and/or FBE goals on a City contract, those goals will be considered in lieu of an equivalent portion of the CSB goals for the contract. Please review the bid or proposal documents for the final MBE, FBE and/or CSB subcontracting goals for the project.

9. MBE/FBE Bid Discounts:

Contracting Departments may apply a Bid Discount of five percent (5%) for bids received from certified MBE and FBE Bidders to remediate past or present discrimination, where the City has developed or obtained a legally sufficient basis in evidence to demonstrate past or present discrimination. The CSB/MBE/FBE Registry denotes which MBEs and FBEs are eligible for Bid Discounts.

10. MBE/FBE Evaluation Credits:

Contracting Departments may apply an Evaluation Credit of five percent (5%) of the total points awarded for proposals received from MBE and FBE Proposers to remediate past or present discrimination, where evidence of contracting disparity has been adequately demonstrated.

11. MBE/FBE Subcontracting Bid Discounts and Additional Retainage:

Contracting departments may apply a bid discount for bids received for public improvement contracts in the amount of five percent (5%) of the portion of the total amount of the goods, labor, and materials that the bidder represents it will subcontract to one or more MBEs and FBEs, where the City has developed or obtained a legally sufficient basis in evidence to demonstrate past or present discrimination.

If a Contracting Department applies the MBE/FBE subcontracting Bid Discount to the bid of a Bidder that would not have otherwise been the lowest and the Bidder is awarded the Public Improvement Contract, the City shall retain as Additional Retainage an amount equal to the total dollar amount by which the bid was adjusted for bid comparison in addition to the contract retainage required under Section 185.41 of the Codified Ordinances of the City of Cleveland. Release of this retainage shall be managed under the provisions established in Section 187.05(e) of the Codified Ordinances.

12. CSB Bid Discounts:

If a Contracting Department does not apply an MBE or FBE Bid Discount to one or more bids for the award of a Contract, the Contracting Department may apply a Bid Discount in the following amounts for bids received from CSB prime contractors:

A Bid Discount of five percent (5%) for bids received from CCSBs.

A Bid Discount of five percent (5%) for bids received from RCSBs, provided no bids are received from CCSBs.

13. CSB Evaluation Credits:

If a Contracting Department *does not* apply an MBE or FBE Evaluation Credit to one or more proposals for the award of a Contract, the Contracting Department may apply Evaluation Credits as follows for proposals received from CSB prime contractors:

(1) An Evaluation Credit of five percent (5%) of the total points awarded for proposals received from CCSBs.

(2) An Evaluation Credit of five percent (5%) of the total points awarded for proposals received from RCSBs, provided no proposals are received from CCSBs.

14. CSB Subcontracting Bid Discounts and Additional Retainage:

Contracting Departments may apply a Bid Discount to bids received for a Public Improvement Contract in the amount of five percent (5%) of the portion of the total amount of labor and materials that the Bidder represents it will subcontract to one or more CSBs. This provision does not apply, however, if a Bid Discount has been applied for MBE or FBE subcontractor participation,

If a Contracting Department applies the CSB subcontracting Bid Discount to the bid of a Bidder that would not have otherwise been the lowest and the Bidder is awarded the Public Improvement Contract, the City shall retain as Additional Retainage an amount equal to the total dollar amount by which the bid was adjusted for bid comparison in addition to the retainage required under Section 185.41 of the Codified Ordinances. Release of this retainage shall be managed under the provisions established in Section 187.03(d) of the Codified Ordinances.

15. LPE and SUBE Certification:

A Bidder or Proposer may qualify as a Local Producer, a Local-Food Purchaser or a Local Sustainable Business under the Local Producer, Local-Food Purchaser, and Sustainable Business Preference Code, Chapter 187A of the Codified Ordinances of the City of Cleveland. Each Bidder or Proposer representing itself as a Local Producer (LPE), or a Local Sustainable Business (SUBE) shall be certified with the Office

of Equal Opportunity prior to the bid opening. Certification applications must be completed online through the City's Certification and Compliance Monitoring System at <https://cleveland.diversitycompliance.com/>.

16. LPE and SUBE Bid Discounts:

The Contracting Department shall apply a Bid Discount in the following amounts for bids received from LPE and/or SUBE prime contractors:

A Bid Discount of two percent (2%) for bids received from LPEs.

A Bid Discount of two percent (2%) for bids received from SUBEs.

17. LPE and SUBE Evaluation Credits:

The Contracting Department shall apply an Evaluation Credit in the following amounts for proposals received from LPE and/or SUBE prime contractors:

An Evaluation Credit of two percent (2%) for proposals received from LPEs.

An Evaluation Credit of two percent (2%) for proposals received from SUBEs.

18. Maximum Annual Subcontracting Program Benefit:

In an effort to encourage wide participation in the CSB, MBE and FBE subcontracting programs, the City of Cleveland has a policy which may limit the amount of subcontracting credit that a single CSB, MBE and/or FBE subcontractor can provide in a single year. When the CSB, MBE and/or FBE subcontractor has reached this maximum subcontracting dollar value, its participation in future contracts will not be counted towards a Bidder or Proposer's CSB, MBE and/or FBE participation goals.

The Director may apply credit toward the CSB, MBE and/or FBE subcontractor participation goals upon written request of a Bidder or Proposer attesting that no other certified CSBs, MBEs or FBEs are available to perform the work or supply the materials required for the Contract, or in an emergency, or for such other reasons that the Director determines require use of that CSB, MBE or FBE.

Nothing prohibits a Bidder or Proposer from subcontracting to a CSB, MBE or FBE that has reached the cap, or prohibits the CSB, MBE or FBE from performing work or supplying materials under any contract. But that participation will not count towards the Bidder or Proposer's subcontracting goals.

19. CSB/MBE/FBE Manufacturer and Supplier Participation:

Under the Cleveland Area Business Code, the entire amount of expenditures to certified CSB, MBE, or FBE manufacturers will be counted towards CSB, MBE or FBE participation goals on the contract. A manufacturer is an enterprise that produces goods from raw materials or adds value by substantially altering them before resale.

Sixty percent (60%) of expenditures to certified CSB, MBE or FBE suppliers that are not manufacturers will be counted towards CSB, MBE or FBE participation goals on the contract, provided that the CSB, MBE or FBE supplier performs a commercially useful function in the supply process. A business enterprise is a supplier performing a commercially useful function in the supply process" when it:

- (1) Assumes the actual and contractual responsibility for furnishing the supplies or materials; and
- (2) Is recognized as a supplier, distributor or reseller by the manufacturer or producer of the contracted supplies and materials; and
- (3) Owns or leases a warehouse, yard, building or other facilities or uses such as means as are customary in the industry for the purpose of maintaining an inventory of or supplying such supplies or materials from which it supplies its customers; and
- (4) Distributes, delivers, and/or services products primarily with its own staff and/or equipment.

If a CSB, MBE or FBE supplier is not a manufacturer and is not performing a commercially useful function in the supply process, the supplier's participation will not be counted towards the CSB, MBE or FBE participation on the contract.

20. Joint Ventures:

Participation of CSBs, MBEs and FBEs in joint ventures is encouraged. To receive credit for CSB, MBE and/or FBE participation in a joint venture, the joint venture must be certified by the Office of Equal Opportunity. The CSB/MBE/FBE Joint Venture Certification Application is available from the Office of Equal Opportunity, and applications for joint venture certification must be received by the Office of Equal Opportunity no later than 10 days prior to the bid opening.

21. Use of General Contractors as Subcontractors for CSB/ MBE/FBE Prohibited:

Consistent with the U.S. Bureau of Census Standard Industrial Classifications, the City considers that a "general contractor" assumes responsibility for an entire construction contract, although it may subcontract part or all of the actual work to special trades or other contractors. The City does not consider that certification as a "general contractor" assumes or includes certification for any other trade or work. In order to qualify as a CSB, MBE or FBE Subcontractor, the CSB, MBE or FBE must be certified for the specific type of work indicated on Schedule 1, the Schedule of Subcontractor Participation.

22. Subcontractor Participation Compliance Monitoring

Once a contract is awarded through the bid or proposal process, the winning contractor is obligated to use the certified CSB, MBE or FBE subcontractors listed on the OEO Schedules and in the same participation amount indicated in the OEO Schedules. OEO will monitor this subcontractor participation throughout the course of the contract to ensure that the listed subcontractors are performing work on the project, and that they are being properly compensated for that work.

The City of Cleveland uses a web-based contractor certification and contract compliance monitoring system, colloquially known as B2Gnow, to monitor compliance on City contracts. Contractors can access the system at <http://cleveland.diversitycompliance.com>, or through a link on the Office of Equal Opportunity's website at <http://city.cleveland.oh.us/o eo>.

Each month during the contract, the prime contractor (or direct contract-holder with the City) will report payments to ALL subcontractors through the B2Gnow system. This monthly reporting information includes total payment in dollars made to the subcontractor, record of invoices satisfied, record of checks or other payment methods used to satisfy invoices, payment dates, and any additional information required by OEO to verify payment to subcontractors. The prime contractor will enter this payment information into the B2Gnow system, and the subcontractors will verify this payment information in the system.

OEO offers regular training sessions in the use of the B2Gnow system. Please contact OEO at 216-664-4152 to schedule training. Online training options are also available through the B2Gnow system.

Please note that use of the B2Gnow system requires an email account and access to a personal computer with internet connectivity. This requirement applies to both prime contractors and subcontractors. The City will provide for access to a computer and internet connection at Cleveland City Hall, upon appointment, for those contractors who do not otherwise have access to the required technology.

After the contract is awarded, the prime contractor may not substitute or shift subcontractors without written approval of the Director of OEO. When there are CSB, MBE and/or FBE goals established in the bid specifications, subcontractor substitutions must preserve the original bid participation percentage, unless the Director waives the requirement. The undersigned agrees that if awarded a contract, it will enter into a written agreement with each subcontractor listed above.  UNAVAILABILITY/IMPRACTICALITY CERTIFICATION**

Project Name:	
Bidder/Proposer Name:	

Note: Prime contractors are expected to use good faith efforts in utilizing CSBs, MBEs and FBEs as subcontractors whenever there are CSB, MBE and/or FBE participation goals established in the bid specifications. There may be instances, however, where Prime Contractors will not be able to achieve the prescribed CSB, MBE and/or FBE participation goals for a particular contract. This Schedule 4 allows Prime Contractors to demonstrate their good faith efforts in finding and soliciting CSBs, MBEs and FBEs to work on the contract. If the subcontracting goals for this contract are not met, failure to complete this schedule fully and completely may impact the evaluation of this bid or proposal.

Section A:

Please check one of the following:

- 1. Prime Contractor has submitted Schedules 1 and 2 indicating CSB/MBE/FBE Subcontractor participation **MEETING OR EXCEEDING** the goals set forth in the bid documents.
- 2. Prime contractor has submitted Schedules 1 and 2 indicating CSB/MBE/FBE Subcontractor participation that **DOES NOT MEET** the goals set forth in the bid documents.

If Box 1 is checked, no further documentation is necessary. Where Box 2 is checked, the Prime Contractor must provide a detailed explanation in Section B.

Section B:

If you checked Box 2 on Section A, you must check one of the following:
