Cleveland Hopkins opens new cell phone lot off Jackson Road

Cleveland, December 22, 2009 – Airport officials announced today the opening of the Cleveland Hopkins International Airport’s (CLE) new 50-space cell phone lot located just south of Jackson Road behind Concourse D.

“The new cell phone lot is the latest customer-friendly amenity we have added to our many new programs, this to specifically target those who are meeting arriving passengers and do not want to park,” said Airport Director Ricky Smith.

The new cell phone lot was originally a two-lane road which was converted into the lot. Drivers can access the cell phone lot off State Road 237 South by turning right onto Cargo Road. Drivers going North on State Road 237 should turn left at the Snow Road intersection onto State Road 237 South then turn right onto Five Points Road. Blue directional signage has been added to airport area roads to guide drivers to the cell phone lot.
