CLE to RUB

Cleveland Hopkins Provides Travelers Free Massages

What: CLE is helping to remove some of the stress caused by flying on the busiest travel day of the year by providing **FREE** massages. Travelers departing the airport for a Thanksgiving home with family and friends can enjoy the massages on baggage claim at the Welcome Center and on Concourse C. The massages are being provided by students of the Massotherapy Clinic at Cuyahoga Community College. In addition to the **FREE** massages, travelers will find area sports mascots roaming from gate to gate (Akron's Zippy and the Browns' Chomps), and free pictures will be taken by CLE's staff to help remember the day. Earlier this month the airport began offering free Wi-Fi, which should also help passengers kill some time while waiting for their flights.

Who: Massage Therapists from the Massotherapy Clinic,
Cuyahoga Community College
