49 CFR § 26.53 What are the good faith efforts procedures recipients follow in situations where there are contract goals?

(f)

(1)

- (i) You must require that a prime contractor not terminate a DBE subcontractor listed in response to <u>paragraph (b)(2)</u> of this section (or an approved substitute DBE firm) without your prior written consent. This includes, but is not limited to, instances in which a prime contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm.
- (ii) You must include in each prime contract a provision stating:
 - (A) That the contractor shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless the contractor obtains your written consent as provided in this <u>paragraph</u> (f); and
 - (B) That, unless your consent is provided under this <u>paragraph</u> (f), the contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE.
- (2) You may provide such written consent only if you agree, for reasons stated in your concurrence document, that the prime contractor has good cause to terminate the DBE firm.
- (3) For purposes of this paragraph, good cause includes the following circumstances:
 - (i) The listed DBE subcontractor fails or refuses to execute a written contract;
 - (ii) The listed DBE subcontractor fails or refuses to perform the work of its subcontract in a way consistent with normal industry standards. Provided, however, that good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the prime contractor;
 - (iii) The listed DBE subcontractor fails or refuses to meet the prime contractor's reasonable, nondiscriminatory bond requirements.
 - (iv) The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness;
 - (v) The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant <u>2 CFR Parts 180</u>, <u>215</u> and <u>1,200</u> or applicable state law;
 - (vii) You have determined that the listed DBE subcontractor is not a responsible contractor;
 - (vi) The listed DBE subcontractor voluntarily withdraws from the project and provides to you written notice of its withdrawal;

- (vii) The listed DBE is ineligible to receive DBE credit for the type of work required;
- (viii) A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
- (ix) Other documented good cause that you determine compels the termination of the DBE subcontractor. Provided, that good cause does not exist if the prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the prime contractor can self-perform the work for which the DBE contractor was engaged or so that the prime contractor can substitute another DBE or non-DBE contractor after contract award.
- (4) Before transmitting to you its request to terminate and/or substitute a DBE subcontractor, the prime contractor must give notice in writing to the DBE subcontractor, with a copy to you, of its intent to request to terminate and/or substitute, and the reason for the request.
- (5) The prime contractor must give the DBE five days to respond to the prime contractor's notice and advise you and the contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why you should not approve the prime contractor's action. If required in a particular case as a matter of public necessity (*e.g.*, safety), you may provide a response period shorter than five days.
