Parking rates increase by \$1 at CLE

CLE remains competitive with area parking options

Cleveland, November 28th, 2016 – Parking at Cleveland Hopkins International Airport (CLE) will go up by \$1 effective immediately. The new prices will create more non-airline revenue for the airport and keep costs to the airlines down.

“Even with the increase in price, we remain competitive with other airports our size,” said Interim Director Fred Szabo. “We still have premium parking to offer our customers as well as economy parking options.”

The new rates are as follows:

- Smart Parking \$5 per hour; \$18 per day
- Red Lot: \$16 per day
- Blue Lot: \$14 per day
- Orange Lot: \$13 per day
- Brown Lot: \$9 per day
